

STRATEGIC VISION

- **We** will be an organization which listens and responds in a positive manner to the wants and needs of its customers.
- **We** will be the best place to work where employees are appreciated and respected.
- **We** will enable people served to participate and be accepted as valued members of the community.
- **We** will support each person served to live and work in the situation that meets individual wants and needs.
- **We** will be recognized as a community leader in the design and delivery of workforce development, community supports and affordable and accessible housing.
- **We** will be a recognized community leader in childhood services and a resource for families.
- **We** will be a learning organization that has the courage and commitment to strive for improvement.
- **We** will foster small business development for the purpose of expanding employment opportunities.
- **We** will actively facilitate partnership among all community service providers.
- **We** will aggressively market our services to protect the interests of the people served through local, state and national forums.
