

## Amramp Hits a Home Run

The Fort Wayne Tin Caps featured Pathfinder Services for their non profit efforts at comprehensive human and community development this past weekend! The focus of Pathfinder Services was to place emphasis on their new Amramp division through providing accessibility solutions for people where they live work and play.

5,000 game attendee's were welcomed to travel across the steel modular ramp at the game, and everyone received literature about these low cost units, and a few features of the ramps including they are weather friendly, safe and quick installations.

“This allowed Pathfinder Amramp an exciting opportunity to share one of our display ramps with the people of Fort Wayne and surrounding counties,” stated Ronda Smelser Regional Sales Manager for Pathfinder Amramp. “We are very grateful to the Fort Wayne Tin Caps for giving us the opportunity to share what we have to offer as well as the space to set up and display our ramp,” Smelser concluded.

Amramp allows for families and businesses to rent or purchase an ADA compliant, low cost, modular ramp, featuring a patented non-slip ramp surface. The unique, perforated steel mesh ramp surface has an open pattern, allowing moisture to drain, reducing the possibility of a slippery ice surface or mold build-up.

Amramp offers free home evaluations and meets with each client to custom design the ramp. All of the ramps are installed by trained Amramp specialists. Ramps are available in days, not weeks or months, and most installations take less than a day.

Amramp, the newest division of Pathfinder Services, Inc., specializes in modular wheelchair ramps, providing accessibility solutions for clients in North Eastern Indiana. To make a donation to our much needed community social mission ramp closet or for more information on Amramp please call Ronda Smelser at (260) 519-0101 or e-mail her at [Ronda.smelser@amramp.com](mailto:Ronda.smelser@amramp.com).
